ASSOCIATION REVIEW CONFERENCE & RETREAT

After being in existence for some 54 years now the time has come where we need to take time out, sit down and take a look at the past and what we have achieved, but more importantly where we are going and what we hope to achieve in the next 50 years. To review our “aims & objectives”, “programs” and “activities” and to see how best this Association can serve those NZ recreational fishers for whom this organisation was established.

To do this we are planning to hold a weekend retreat/conference where those concerned can meet together and formulate plans and resolutions that can be put to the total membership to enable us to go forward with confidence and the assurance that this Association is continuing to meet the needs of those fishers whom we represent.
